This was followed by a poster making competition on 13th August in which participants expressed the harmful effects of ragging. It emphasized on creating a harmonious environment on the campus. A seminar was also organised during this week in which students and faculty members discussed the legal, social and psychological consequences of ragging through power point presentations. Apart from this, a documentary on anti-ragging was also shown in which the students showed special interest. During this, the members of the anti-ragging committee interacted with the students. The week was concluded by awarding certificates to the students who made good posters and slogans. Principal Dr. Hemant Verma while addressing the students asked them to make their important contribution to maintain a harmonious environment in this college and also inspire other students for this.
